 @ <https://www.linkedin.com/in/sadeek-ghimire-094192245/>  @ <https://github.com/sadikg1>

Motivated and detail-oriented BSc. CSIT student with a strong foundation in computer science principles and information technology. Proficient in programming languages such as Python and C++, with hands-on experience in developing web applications using React and Node.js. Adept at problem-solving and eager to apply academic knowledge to real-world challenges, seeking opportunities to contribute to innovative projects and develop professional skills in the IT industry.

EXPERIENCE

Data Analyst

Patan

MPercept Technology

May, 2023 - Oct, 2023

As a Data Analyst Intern, I am actively engaged in a variety of significant tasks that contribute to data-driven decision-making at the company. I am responsible for collecting, cleaning, and organizing datasets to ensure their accuracy and usability. Through exploratory data analysis, I identify patterns and trends, enabling the team to derive meaningful insights from the data.

EDUCATION

BSc. CSIT

Jawalakhel

Vedas College

Apr, 2021 - Present

PROJECTS

Sample React Project

I developed a React static UI page project, demonstrating my proficiency in React, HTML, and CSS. This project showcases my ability to create visually appealing and user-friendly interfaces while emphasizing clean code and efficient design patterns

Ecommerce Website

A basic ecommerce site built with React for the frontend, Node.js for the backend, and MongoDB for the database. This project demonstrates a simple yet functional ecommerce platform, including product listing, user authentication, and a shopping cart system.
